  - A. <u>Site Plan Approval: Sutton Hangar</u>

Mayor Kurtz recused himself. Staff Planner Crafts stated that the applicant, Mr. Kermit Sutton, represented by Jim Malewitz, Performance Engineers, is proposing a 7,200 square foot non-commercial aviation hangar. The proposed development meets all requirements of the Zoning Ordinance and the Planning Commission has unanimously recommended approval with conditions. There are no public safety concerns with the proposal

Councilmember Gibson stated that the Airport Advisory Committee vetted the proposal and gave their approval.

Deputy Mayor Cole opened the item to public comment. There was no comment and the item was closed.

Motion by Councilmember Gibson, second by Councilmember Kalbfell, to approve Project 2017-07 SP with conditions.Yeas:Kalbfell, Perron, Gibson, Cole, Oleksy, HagenNays:None

Councilmember Gibson noted that the Planning Commission recommended that Council consider extending the sanitary sewer system throughout the entire Airport and consider designating future lease areas for development in the Airport's Master Plan, rather than approving space on a case-by-case basis.

B. Sale of Fire Truck

Mayor Kurtz returned to the dais. City Manager Heydlauff stated that the City owns a 1998 tanker with a water tank leak and the repair cost is estimated at \$3,500. He stated that Chief Thorp believes the vehicle is unnecessary for our fire service needs and recommended that the tanker be sold on consignment with Firetec for a 10% commission. Chief Thorp noted that the sale will leave the fleet with three serviceable tankers and suggested that proceeds from the sale could be set aside for future repairs on other equipment.

Mayor Kurtz opened the item to public comment. There was no comment and the item was closed.

Motion by Councilmember Kalbfell, second by Councilmember Oleksy, to authorize the City Manager to sign the Listing and Marketing Commission Agreement with Firetec and authorize the City Manager to sell the 1998 CSI Tanker at a reasonable marketbased price.

Yeas: Kalbfell, Perron, Gibson, Cole, Oleksy, Hagen Nays: None

#### 8. Reports & Communications

#### A. Public Comments

Mike Doherty restated that very little was going on with Lake Michigan Beach Park cleanup. He felt that the progress on the park was questionable. He also restated that Park Avenue was the most dangerous street in the City from a safety perspective.

Shelly Langeweg questioned whether she could use her weed-wacker to cut down vegetation in the park. She agreed with Mr. Doherty. She noted that she heard positive comments regarding downtown businesses.

#### B. <u>City Manager Comments</u>

City Manager Heydlauff reported on the following:

- Proposal for the Chamber audio visual equipment is forthcoming
- Thanks to the DPW crew for their efforts preparing for Venetian
- Directional signage will be installed for Cross Fisheries and Grey Gables during the Venetian street closure
- Special Council meeting was requested for July 31<sup>st</sup> to consider infrastructure work

#### C. <u>Mayor & Council Comments</u>

Councilmember Kalbfell questioned the status of the Shade Tree Commission's park management plan and City Manager Heydlauff responded that the request for proposal for the design work should be issued in September.

Councilmember Gibson thanked the Clerk for researching meeting audio retention. Council agreed to continue with the current retention schedule as well as noting "for the record" during meetings when they would like specific comments included in the minutes. She also questioned when the County Prosecutor would do his job with regards to the August 2016 litigation involving illegal tree cutting at Michigan Beach Park.

Mayor Kurtz thanked City Staff and Chief Thorp for their assistance during Venetian.

### **RECOMMENDATION:**

Designate Janet Kalbfell as the delegate and City Manager Mark Heydlauff as the alternate delegate to represent the City of Charlevoix at the MML Annual Meeting.

**TITLE:** Hampton Village Street Improvement **DATE:** August 7, 2017

PRESENTED BY: Patrick Elliott, DPW Supervisor

#### **BACKGROUND:**

#### This item has been updated to reflect the costs from MDC.

As you are aware, we are currently working on the 2017 infrastructure projects, which include complete utility upgrades. In addition to these projects, we are currently contracted with Rieth-Riley to crush and shape a number of streets.

Another project that is a bit different from the two described above is improving the streets in Hampton Village. This project will include removing the existing asphalt, undercutting the street 1.5', installing geotextile fabric, new sand, gravel and then new pavement. The project area would be from May Street, down Hampton Road to St. James and all of St. James Place. In the contract that we currently have with MDC, all of the pay/work items to complete the Hampton project are included. This means they have already been competitively bid. We recommend adding to the total quantities in order to complete the Hampton project, which would increase the total contract amount by \$95,096.69. This is an quick and cost-effective way to make this improvement and MDC is well-known for their work in our community.

This project will use up the money derived from the 2016 Infrastructure Improvement Bonds and money set aside in the 2017/2018 Operating Budget for street improvements.

#### **RECOMMENDATION:**

Motion to approve change order #1, in the amount of \$95,096.69, and add this work to MDC's existing contract.

TITLE: Short Term Rental Options and Senate Bill 329

DATE: August 7, 2017

PRESENTED BY: Sarah Lucas, Networks Northwest

### BACKGROUND:

The City of Charlevoix's Rental Subcommittee has developed a draft short-term rental ordinance for the City Council's review and discussion. As currently written, the draft ordinance would:

- Propose new and/or modified definitions of relevant terms
- Require registration of short-term rentals that are rented two or more weeks per year
- Require owners/agents of short-term rentals to provide basic information about the rental unit
- Require relevant information, including a "good neighbor guide," to be posted/provided/visible to tenants and others
- Require compliance with relevant City codes, including safety, inspections, nuisance, and fireworks codes
- Propose procedures necessary for effective administration of the ordinance

At the June 12 Planning Commission meeting, the Planning Commission reviewed the draft ordinance and moved to present it to the City Council for review and further direction. The ordinance is not presented for consideration of adoption at this time. Rather, the Planning Commission requests feedback as to whether additional changes are desired, or if the City Council feels that the draft ordinance as written is ready to proceed to the public hearing process.

Also at the June 12 meeting, the Planning Commission discussed legislation that is currently proposed in the Michigan State Senate that would restrict restrict the ability of local governments to regulate short-term rentals. The bill is sponsored by Senator Dale Zorn, 17<sup>th</sup> District, and is currently in the Senate Local Government Committee. The Planning Commission directed staff to prepare a letter for consideration by the City Council to send to state senators and representatives. That letter, along with the current version of Senate Bill 329 is attached for your reference, review, and discussion.

I will be in attendance at the August 7 meeting to discuss the attached information and answer any questions you may have. If you have any questions prior to the meeting, please don't hesitate to contact me at 231-929-5034, or via email at sarahlucas@networksnorthwest.org.

SB 329, as presented, proposes to restrict any local regulation of short-term rental operations. Under this proposed legislation, such uses of property would effectively be reclassified from commercial land uses to residential land uses and would further be exempt from reasonable and well-considered local land use regulations. As a highly seasonal community that is considered statewide to be a prime vacation destination, the City of Charlevoix would be significantly impacted by any regulations affecting short-term rentals. For this reason, the City opposes SB 329 and respectfully requests that you reject the bill as currently proposed.

The City of Charlevoix recognizes that short-term rentals present an important option for homeowners and vacationers, and that they can have a positive impact on local economies. At the same time, they come with neighborhood concerns and economic impacts related to community character, commercial lodging activity, workforce housing, and more. As such, the City has worked over the last year to develop regulations that accommodate short-term rentals while providing basic guidance that ensures responsible, community-minded rental activity. However, Charlevoix is a seasonal community that is experiencing changing demographics and a shrinking labor force, trends that are closely linked to a significant shortage of workforce housing. The City is therefore keenly aware that any changes impacting short-term rentals could have significant repercussions on Charlevoix's:

- Year-round housing stock and workforce housing opportunities
- Community and neighborhood character
- Safety of both renters and year-round residents

The State of Michigan has a strong tradition of Home Rule, and it has long been the responsibility of local units of government to develop regulations that best reflect the character and unique circumstances of their community. In doing so, these local regulations are able respond to conditions in each community that do not exist statewide and which therefore should not be uniformly regulated by our state legislature.

Thus, it's critical that the City retains its ability to address short-term rentals in a way that's appropriate for the community – which may be markedly different from how they're addressed in communities in Michigan that experiencing different realities in their economies, demographics, or housing markets.

In conclusion, it is the position of the City of Charlevoix that the bill is neither warranted nor appropriate, and that it usurps the tradition of local control upon which our communities have been developed. We strongly urge you to reject it as proposed.

Thank you for your consideration and review of these comments

## **Reports and Communications**

**TITLE:** City Manager Comments **DATE:** August 7, 2017

## PRESENTED BY: Mark L. Heydlauff, City Manager

# **BACKGROUND:**

## **Infrastructure Progress**

Our 2017 infrastructure projects are progressing well. The new water main on Prospect Street has been fully connected and is now in use. The sanitary sewer line was connected a couple weeks ago. We anticipate Rieth-Riley will begin asphalt improvements within the next couple of weeks for the project Council approved on July 31. Work on Antrim and Hurlbut Streets will begin after Labor Day.

## **McSauba Scholarships**

The City was again the recipient of a generous grant from the Chicago Club to help fund scholarships for children to attend the programming at McSauba. These funds will be used to help kids attend camp and get ski lessons when their family may not have the financial resources to do so.

## **Email/Technology Updates**

As you know, we are rolling out a new email system and continuing to convert work over to it. All emails to cityofcharlevoix.org will be automatically forwarded beginning on August 8; after this date, data will be migrated from the old server to the new system. I am also working on a request for proposals for the redesign and building of a new website that will be more user-friendly and help us connect better with the public. Finally, I released an RFP recently for the recodification of the City Code. This will bring us a much more user-friendly, searchable format that will be fully digitized and include a legal review during the process.

## **MME Summer Workshop**

Last week I attended the Michigan Municipal Executives Summer Workshop in Muskegon. I attended sessions on improving civic engagement, team-building in government, professional ethics, and brownfield redevelopment. I am most excited for the fact that Charlevoix will be hosting this conference next summer. I am grateful for our team here who was able to provide a solid proposal to host my colleagues from around the state.

## Park Sale Protection Ballot Question

The Governor and Attorney General have received the final version of the park sale protection Charter Amendment. No changes were made by the Attorney General and we should be on track for this to appear on the November ballot.

## III. Inquiry Regarding Possible Conflicts of Interest

#### None.

Motion by Member Woody, second by Member Gibson, to approve all the outstanding minutes that were rewritten verbatim. Motion passed by unanimous voice vote.

#### IV. General Business/All Other Actions & Requests

a) <u>Skydiving Safety of Flight Discussion with FAST (FAA Safety Team) Program Manager, Mr. Samuel Heiter</u> Mr. Heiter stated that he was an Operations Inspector for the General Aviation Office (GA). He stated that parachuting was an aviation activity allowed by the FAA and Charlevoix was a public use airport that takes federal funds. He noted aviation is a self-policing organization. Mr. Heiter stated that he was new to this district and his thoughts were to conduct a safety meeting and talk about operations at non-tower airports. He stated that they would reach out to all the general aviation pilots and operators. He suggested that they all start a dialog to work together. He felt that removing an operator from the Airport was not possible.

Member Woody recalled skydiving operations over the past three years. He stated that he and Interim Airport Manager Wyman sat down with the skydiving operator, to share the Committee's recommendation of landing off-site, and "nothing doing, no compromise at all" so they decided to do a study. Mr. Heiter suggested that based on the wind conditions they could have multiple jump sites on the Airport and Member Woody replied that there was limited space. Mr. Heiter stated that everything he has seen points to "that they are doing the right thing". He recommended that they have Standard Operating Procedures (SOPs) in place. Interim Airport Manager questioned at what point do they say "let's just stop, let's have this study conducted". Mr. Heiter stated that was an Airport decision and he did not know what the requirements were to have an Airport study done. Member Woody noted that the skydiving operator said that signed waivers were proprietary information and refused to provide copies to the City.

Member Gibson expressed concern regarding liability of the Airport and she did not understand why the FAA thinks that "it's okay for jumpers to land on our Airport and there's no insurance and in my mind the skydive operation has shifted liability to the City of Charlevoix, he can't even get insurance, when those skydivers are in the plane they're insured as soon as they jump out and hit our property they're not insured. I don't understand, maybe you can tell me, being with the FAA, why you don't think that is a problem." Mr. Heiter stated that is something that the FAA doesn't get involved in. Member Woody questioned if the Airport is obligated to allow balloon operators and Mr. Heiter responded affirmatively that if it was an aviation activity and the Airport was taking federal funds it was his understanding that they would be obligated to allow skydivers, gliders, power parachuters, etc. He felt they should set their own standards and guidelines for the Airport. Mr. Heiter stated that from his standpoint when they inspected the operator there were no issues as the aircraft and the pilots were legal. He stated that the jumpers were not FAA certified airmen, but licensed by the USPA which was an accepted FAA organization.

Angel Welke, Island Airways, stated that she was in favor of the safety meeting. She questioned if Mr. Heiter had any guidance about the guidelines and can they be implemented mid-stream. Mr. Heiter stated that he did not know, but he recommended that they reach out to the Michigan Airport Manager's Association or similar organizations for guidelines. He stated that he could plan a safety meeting and put out a notice that would be a reminder regarding skydiving operations. Ms. Welke felt that they would only get half of the operators to attend a safety meeting.

Member Woody stated that this could all be easily remedied if the operator just operated the way they agreed to when they came here or operate as they have for many years just north of here. Mr. Heiter stated that was something that Airport management would have to work out with the operator. He questioned if there have been any pilot complaints and Ms. Welke replied that they made a complaint 2.5 years ago. Member Seelye questioned what the FAA would do if there was an accident. Member Woody stated that the thing that scares him is the loss of economics due to jet traffic going to other airports. Ms. Welke stated that she met with Mr. Kurtz last June and asked for better communication.

Interim Airport Manager Wyman stated that he reached out to FSDO in Arizona which is conducting a study at an airport in Arizona dealing with the same issue and same operator and the last he heard was that their study would come out around June 20. Member Woody stated that at the Arizona airport they were not landing on the field while they were waited for the study. He stated if no compromise can be reached he would suggest doing the same thing and Member Gibson agreed. Mr. Heiter suggested that Interim Airport Manager Wyman reach out to the ADO (Airports District Office) and tell them about the traffic concerns and the mix of operations. Member Woody stated that Interim Airport Manager Wyman did talk to the ADO and shared the proposed Memorandum of Understanding (MOU) and they thought it was very reasonable. Mr. Heiter stated in the interim he will do the notice and set up the safety meeting which would be open to all local pilots with a secondary meeting with the principals involved. He noted that this was the limit of what he could do.

Interim Airport Manager Wyman questioned if it would be reasonable to say that until they have this safety meeting that operations cease. Mr. Heiter stated that he could not say one way or the other. It was hard for him to talk against an operator that he was not that familiar with and as long as they were landing in the drop zone he felt they could not force him to stop operations.

#### V. Miscellaneous Business/Reports None.

### VI. Public Comment Other Than Agenda Items

Tom Oleksy, 2<sup>nd</sup> Ward Councilman, wondered because of FAA approval of this matter would the FAA share in any of the liability if an accident happens. Mr. Heiter felt that the FAA did not approve anything and "that's what you accept when you take those funds, the way I understand it."

#### VII. Adjournment

Motion by Member Woody, second by Member Gibson, to adjourn the meeting. Motion passed by unanimous voice vote. Meeting adjourned at 9:54 a.m.

# III. Inquiry Regarding Possible Conflicts of Interest None.

#### IV. General Business/All Other Actions & Requests

a) <u>Future Charlevoix Airport Capital Improvement</u> (taxiway connecting west apron to overflow lot, land acquisition, new thangar construction)

Interim Airport Manager Wyman stated that the Airport was looking to build and expand. He stated that they have some entitlement funds left, but there was really nothing on the docket for next fall. Member Seelye questioned the new t-hanger construction and Interim Airport Manager Wyman stated that they would like to build another bank of t-hangers which would use the State Block Program money. Chair Tough questioned if they would be looking at deicing equipment and Interim Airport Manager Wyman stated that was under consideration. Member Woody felt that deicing equipment does not fall in line with federal funds.

Interim Airport Manager Wyman clarified that Mr. Sutton wanted to move back to his original location because of the logistics of having to construct his own taxiway and he didn't want to wait any longer. Interim Airport Manager Wyman stated that there was no design in this grant for that taxiway and in order to get that accomplished for next year's project, the City would have to upfront the money for the design and then get reimbursed through next year's grant.

Member Woody felt that the Airport should pursue every piece of property that it could buy. Member Gibson questioned what would they use additional land for and Interim Airport Manager Wyman responded future hanger development. Member Woody replied that the land could be used to alleviate future issues with Airport neighbors.

Interim Airport Manager Wyman stated that they currently have Part A and Part B entitlements and the State Block Grant Program entitlements totaling \$2,045,589. City Manager Heydlauff suggested that the Committee prioritize the properties for sale then Staff could take that back to the FAA. Member Woody stated that the old hangers were not getting any younger and they are not in a good location. Discussion followed regarding the t-hanger area, overall space needs, having to allow skydiving which needs a designated landing area, and property currently for sale that borders the Airport.

Motion by Member Woody, seconded by Member Gibson, that the Committee recommends to the Airport to start land acquisitions. Motion passed by unanimous roll call vote.

Interim Airport Manager Wyman stated that the new hanger proposed by Mr. Sutton had to go before the Planning Commission. City City Manager Heydlauff directed Interim Airport Manager Wyman to move that item to the Planning Commission. Committee members concurred with the green and white color as the standard for the hangers.

Member Gibson questioned the status of the Minimum Standards and felt that the proposed draft was very well done. Member Woody suggested that the Aviation Attorney should review the proposed Minimum Standards prior to formal adoption. City Manager Heydlauff stated that the Airport Ordinance should be revised at the same time as the Minimum Standards, and he offered to prepare a draft of changes needed and forward to the Committee and City Attorney.

Interim Airport Manager Wyman stated that there was one jumper on Friday and he did not receive a copy of the City waiver signed by the jumper. Member Woody stated that they kept going back to that airport in Arizona where they moved forward for a safety study and they stopped jumping until the study was complete and he questioned if that

airport got cut off from their federal funding. Interim Airport Manager Wyman understood that they were initially jumping in the township, the township said no, and they wanted to jump on the city airport and they said no, so as far as he was aware they did not jump on the airport at all. He stated that Mr. Zapata requested a list of things (pictures, documentation) he needed to provide to the FSDO (Flight Standards District Office). He stated that the landing zone was marked and the perimeter of the landing zone was marked. The operator had flags coming that will denote the central area that they are shooting for but he preferred to add a circle of pea gravel there instead of the flags. Interim Airport Manager Wyman stated that "he did not believe" that Mr. Kurtz intended on jumping Friday before Memorial Day and Interim Airport Manager Wyman told Mr. Kurtz the "4<sup>th</sup> of July and Labor Day" as well.

Chair Tough questioned if the City Attorney had weighed in on the issue of the waivers being turned into the City and City Manager Heydlauff stated that he had not. Member Woody raised the question about whether the waivers were "FOIA-able." He stated, "when you're concerned about whether something is FOIA-able or not, I think the rest of it is pretty self-explanatory". Member Seelye questioned what would happen if there was an accident and they did not have the waiver. Member Gibson stated that they wanted the waivers. Member Woody stated that in the old Minimum Standards the City would not allow skydiving to happen "so they really didn't care about details, another reason why we needed a new Minimum Standard, and now we're trying to create rules and he won't sign them." He stated that "I've obviously changed my tune about skydiving, it just irritates me, I'm the one that tried to negotiate it and work on it and the Airport and the City is just, I am jumping regardless, I am jumping without any regard for the impact at the Airport."

#### V. Miscellaneous Business/Reports None.

VI. Public Comment Other Than Agenda Items None.

Member Woody discussed his understanding of the committee membership application process and his perceived problem with "going around the back and trying to eliminate him from this Committee."

Clerk's Note: The Clerk follows the Volunteer Board and Committee Policy by advertising/requesting applications in advance of a member's term expiration in order for Council to make a timely appointment. The Clerk is more than willing to clarify the steps in the membership application process.
